

IN-PERSON VOTERS

Voters must show an acceptable photo ID when they check in at their voting site during early voting or on Election Day. Election workers check to see if the picture on the ID reasonably resembles the voter and if the name on the ID is the same as or very similar to the voter's name in their registration record. The address on the photo ID does not have to match the voter registration records.

If voter does not show acceptable ID, the voter may vote in one of the following ways:

- complete an ID Exception Form and then vote with a provisional ballot
- vote with a provisional ballot and then return it to their county board of elections office with their photo ID by the day before the county canvass.
